Professional Development

- Come discuss topics with our members that are relevant in the workplace, but often not taught in the college setting

Please visit the [corporate involvement page](#) of our website for more information and to access our resume book that includes our current members who are looking for internships and full-time jobs.

If you have an involvement idea not listed here, we are very willing to help make it a reality. Please do not hesitate to contact our Professional Development Officer at tbp-corporate@umich.edu
