VOTING

Who can vote?

- Active membership: undergrads + grads + alumni, all of whom have met active requirements either this semester or last semester - Can make motions, points, and discuss / debate.
 - Inactives may still stay and contribute to discussion! This still counts toward achieving active status.
- Students only may vote on election of candidates

We will be using the Zoom Polling feature to vote tonight.

VOTING

Robert's Rules

Interrupt:

- Point of **order**
 - The chair is doing something procedurally wrong
- Point of **personal privilege**
 - Text on the screen is too small, speaker is too quiet

Speak before others waiting:

- Point of **information**
 - Factual question, current state of debate
- Point of **parliamentary inquiry**
 - Would an amendment be in order? What magic words should I say?

Election to Membership

MI-G Bylaw IV.1(g)(ii):

“The second election of candidates meeting (“Third Actives”) takes place approximately 4 weeks prior to initiation (or enough time as is needed to report the confirmed electees to headquarters) and focuses on the candidates’ progress toward completion of the requirements set forth in Appendix A or B as appropriate. Candidates whose character was not discussed at Second Actives must have their character reviewed at this meeting. In a closed session, the active members hold a discussion and vote on whether to elect each candidate to membership. To be elected, a candidate must receive a three-fourths ($3/4$) vote of the active membership present at the meeting. Active members, whether undergraduate or graduate students, are eligible to vote on new members. Alumni members are not eligible to vote on new members.”

See: THE ELIGIBILITY CODE OF THE TAU BETA PI ASSOCIATION
(Adopted by the 1926 Convention)

Election to Membership

The Eligibility Code of the Tau Beta Pi Association:

“In order that there may be a more uniform basis for selection of members for Tau Beta Pi, these suggestions are offered. It is expected that a copy of this statement be given each active member before every election, and it may at times serve as a general expression of our policy in the selection of members.

It is the purpose of the Society to mark in a fitting manner those who have conferred honor upon their alma mater by distinguished scholarship and exemplary character as students, or by their attainments as alumni.

Distinguished scholarship, while the primary requisite for admission, must not be considered the sole criterion.

After the scholastic requirements have been fulfilled, the selection shall be based on integrity, breadth of interest both inside and outside of engineering, adaptability, and unselfish activity ...”

Election to Membership

The Eligibility Code of the Tau Beta Pi Association(Cont'd):

“We consider that true integrity is the sine qua non for membership in Tau Beta Pi, that it transcends in importance scholarship, activity, and every other qualification. Without private and public integrity, we believe that no organization is worthy of existence. Under integrity, we include honor and high standards of truth and justice.

Breadth of interest sufficient for eligibility in this Association will enable people to maintain their positions in their community by the exercise of qualities other than engineering ability.

True engineers must be able to adapt themselves ingeniously to all circumstances and conditions, making them conform to the desired purpose... ”

Election to Membership

The Eligibility Code of the Tau Beta Pi Association(Cont'd):

“The rating of people on the degree of unselfish activity manifested, is intended to indicate that Tau Beta Pi believes that none can become worthy engineers without the welfare of associates, organizations, and the community at heart. It is further- more expected that they display willingness to aid and assist in worthy causes by their actual campus record. However, the fact that people may not have shown unselfish activity to an appreciable degree throughout their courses of study is no infallible indication that they would not if the opportunity offered. The most conspicuous illustrations of this are those students who are self supporting, for which due allowance must be made and due credit given. In fine, it is in this capacity for the unstinted giving of their best, without thought of remuneration, that we believe lies one of the most sensitive tests for determining candidates’ rights to bear the name and wear the Bent of Tau Beta Pi.

”
