# Recommendation of Eligible Candidates to Third Actives

#### MI-G Bylaw IV.1(g):

"The first meeting ("Second Actives") focuses on the character of the candidates for membership and must be held following the character interviews described in Appendix A or B as appropriate. In a closed session, the active members hold a discussion and vote on each prospective new member's character, the outcome of which must be reported to the candidates and to the second election of candidates meeting, as a recommendation on how to consider the character of those assessed. Those candidates recommended by the Vice President or the Graduate Student Vice President may be considered as a group. Active members will be given the opportunity to remove any questionable candidates from the group. All questionable or not-recommended candidates must be voted on individually. To be recommended for election, a candidate must receive a three-fourths (3/4) vote of the active membership present at the meeting. Active members, whether undergraduate or graduate students, are eligible to vote on new members."
