

What's your name & grade? What did you do over spring break?

What website features do you want add, remove, and see an improvement in?

**Answer  
on the  
sticky  
notes**

**Color  
code if  
you can!**

**Get into  
groups of 3-5;  
max of 2  
officers per  
group**

What's your name & grade? What did you do over spring break?

Jed, went home to NYC

Yunseok. Friend visited Michigan

Alex, Third Year, went to Puerto Rico

Yash, ECE PhD - What does spring break mean?

Things like "my events" should only be a tab when logged in, tabs for officers should only be viewable be logged in as an officer

submit affirmation doesn't work

TBPlayground seems redundant, or go all out and make it pretty af

Easier way to sort and find actives

Don't need to see huge list of alumni on member profiles

No one uses TBPlayground

I'm pretty sure you can inject code in responses

What website features do you want add, remove, and see an improvement in?

speed

BUGS WITH MULTIPLE SHIFTS, MAKING AN ELECTEE INTERVIEW IS HAR

ELECTEE INTERVIEW, YOU CAN CLICK ON THEIR NAME????????

Have featured/"this week's events" on the front page, don't display later than that

Cannot add new shifts to already made electee interview event (because we cannot link actives & electee events)

Home Page - Remove or move the tweet feed (never used) to the side, Add events horizontally, possibly in a banner or under some "About Info"

Membership Admin improvements: Speed up DA/PA assigning, Allow membership to control make up parameters

Can't edit past DA/PA semesters

Electee interview stuff hard to find

Remove upcoming events from pages that don't care about it/bad formatting

Update the Outreaching Activities - We do not do book swap anymore

MLK should not be a separate event

Dropdown filter events, can only filter events that are filtered, filters are hard to use

Things like "my events" should only be a tab when logged in, tabs for officers should only be viewable be logged in as an officer

submit affirmation doesn't work

What's your name & grade? What did you do over spring break?

Drew, Junior. I worked on the UMARV robot and watched some math lectures

Jared and I studied for the MCAT

Hunter  
Went to see my family in Hawaii

Tony, absolutely nothing except for some research

What website features do you want add, remove, and see an improvement in?

Could use some more flair

Ease of image replacement

Volunteers that are drivers for carpooling should show up in the event description/should seats to reserve

More diligent removal of defunct event tabs (i.e. MLK luncheon)

Too much white space

Improve the filter events system

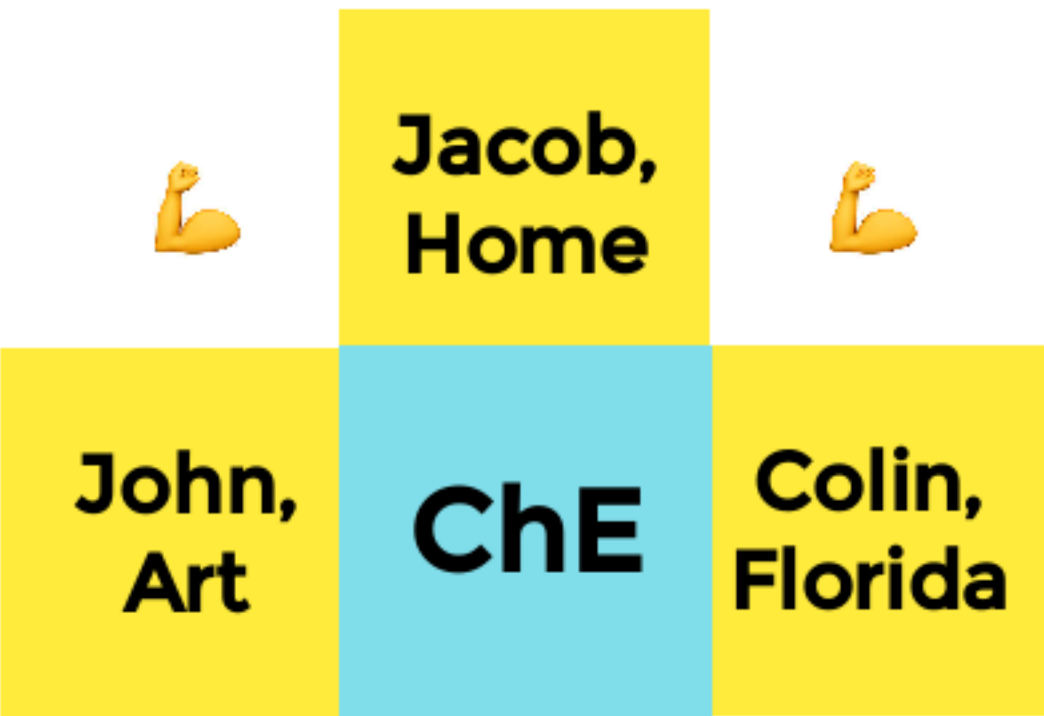

TBPlayground - either improve or remove

Notifications for active events shows up twice

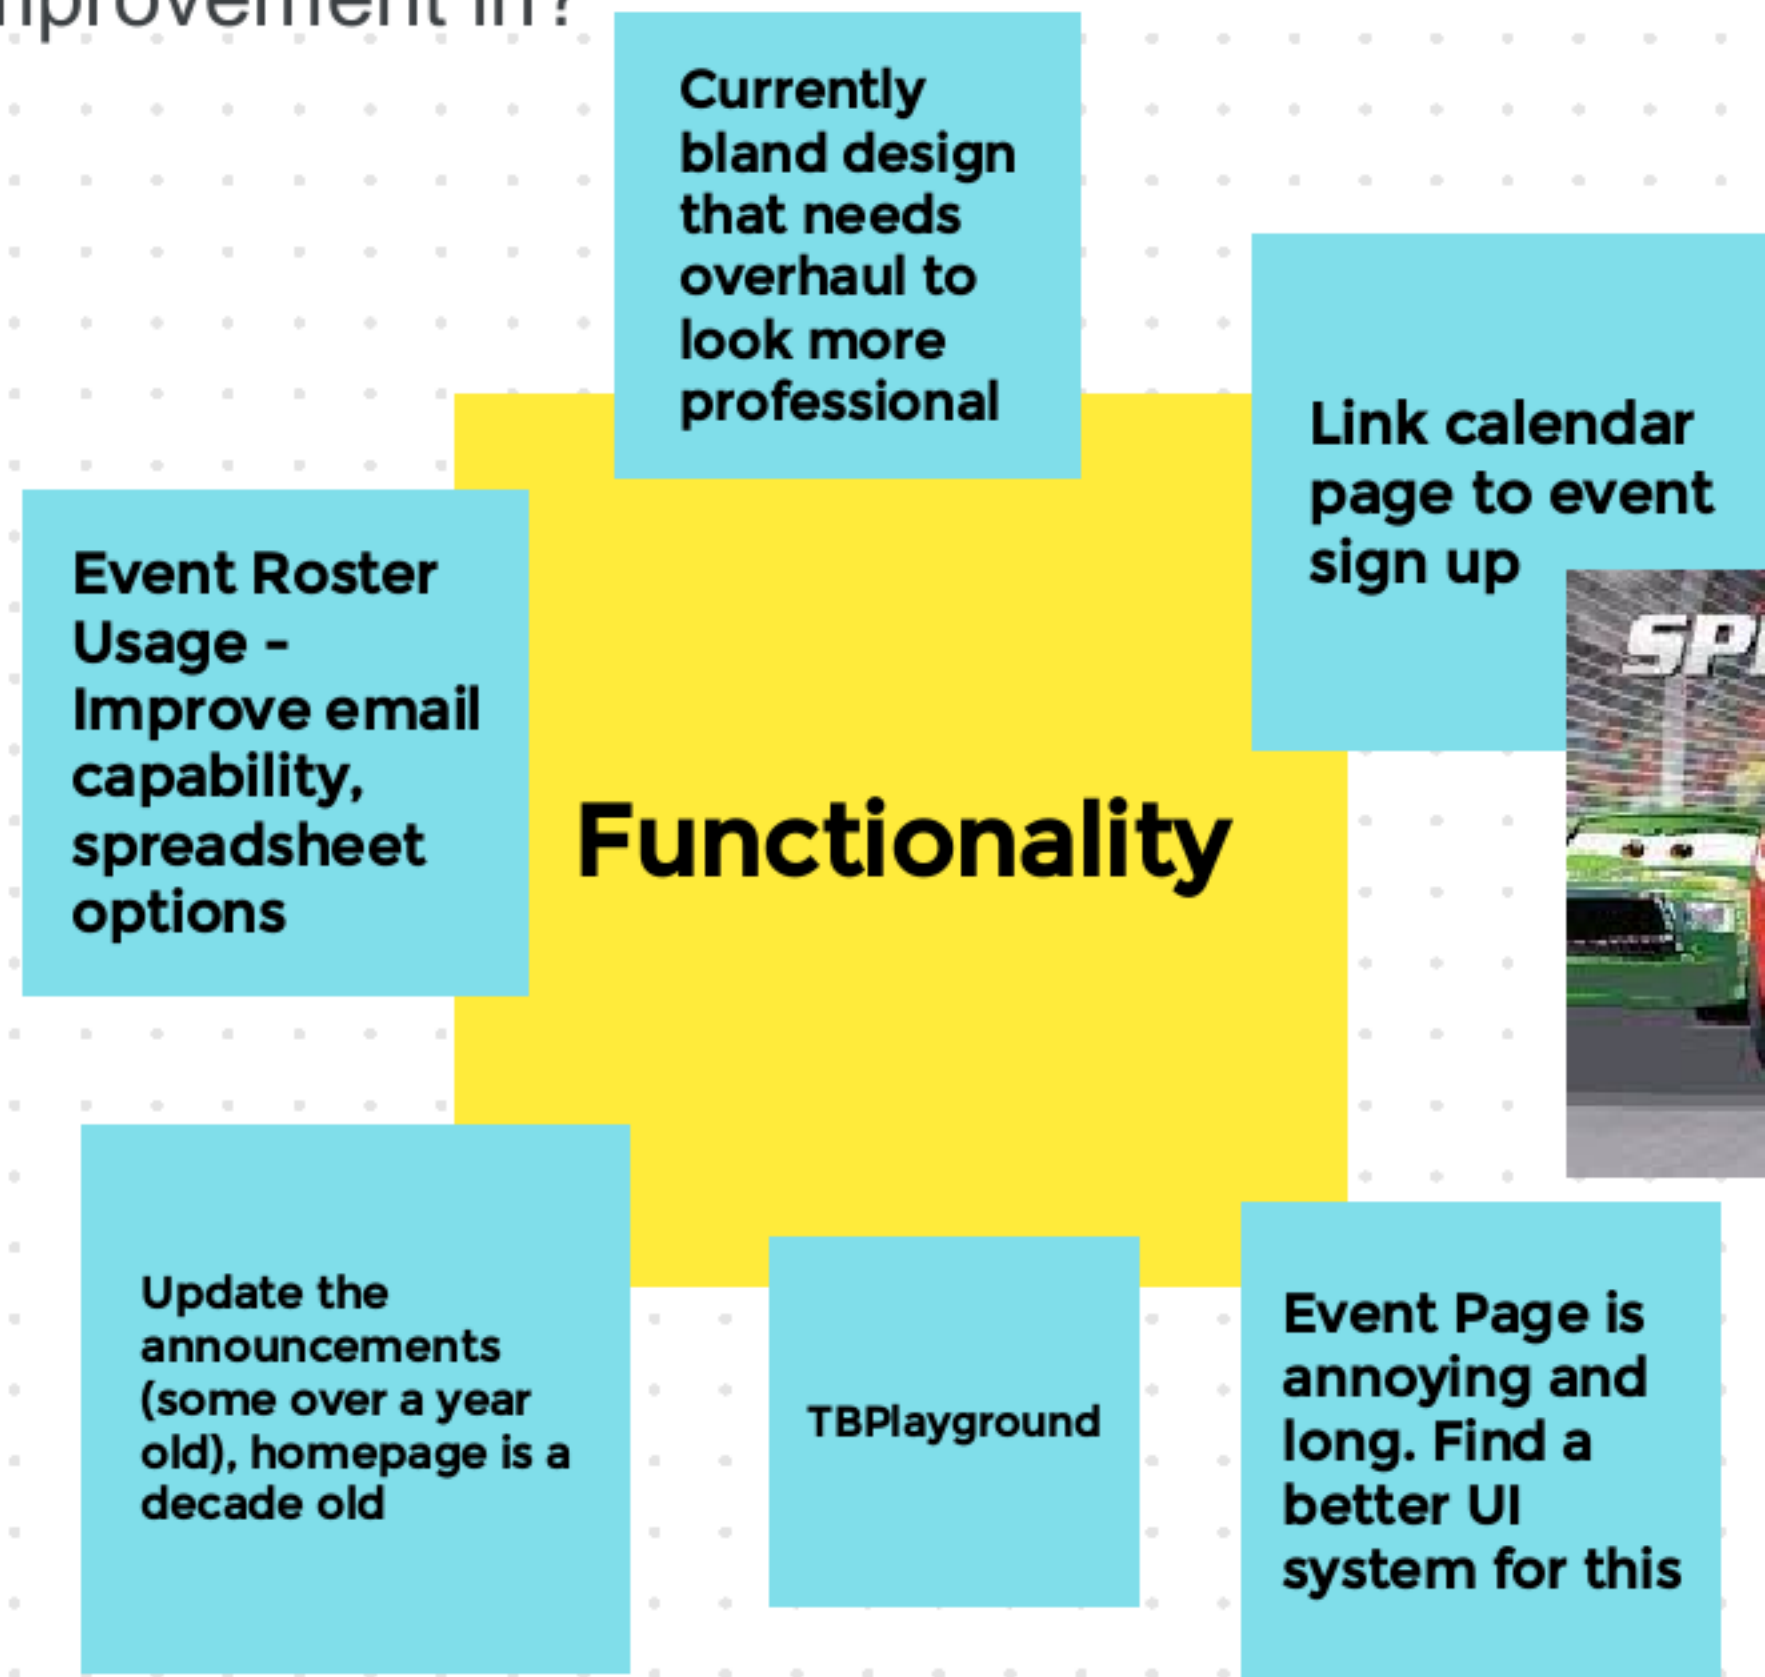

More organization on the members page

**Needs more Riley**

What's your name & grade? What did you do over spring break?

Ansh - Senior - the blog is lame

Denise - Senior - went to hockey games

Vance - Sophomore - skied in Wyoming

Andy - 1st Yr. Masters - went skiing, visited family

Nadine El Chaffir- junior- Fractured my foot :)

Alex, Sophomore - I chose to be unawake

Arjun - SUGS Masters - sat at home and played video games

What website features do you want add, remove, and see an improvement in?

what is TBPlayground? begone

hmmmm she real slow

Remove old services we don't do, like hot choco outreach, MLK luncheons

Completely separate admin functions (ie. Calendar Admin)

Sidebar is idiotic

Better way to keep track of people's hours

Actually update the pictures/front page/outreach events

member map is sus

Scrolling through long-past events under "my events" is annoying at end of term

Errors are insanely common when making events

signing into events

The "report a bug" button leads to a 404 error - kinda ironic

maybe link instagram instead of twitter? i feel like our twitter is considerably more dead

use all website resources on \*member map\*

Officer/general mtgs etc shouldn't obscure other events - separate category?

ui is very 2012

sending affirmations is dope

Events ribbon on the right is very cumbersome, improve filters for events to be more representative of what we actually do

Outreach schedule is missing, should be updated/removed/linked with events

the blog? needs more than one post per semester (or abolished)

maybe interface website with google drive for leadership

On mindset and other pages for outreach, we should actually display dates and registration forms on the website

update main page slideshow pics - they do be kinda ancient

(maybe use the mockup Jessy of a new website layout from last year)

What's your name & grade? What did you do over spring break?

Mitra Mikhlesi, junior, road trip to myrtle beach

karen, sophomore, stayed home :)

Kevin - Junior; Cycling, Disc Golfing, Relaxing

What website features do you want add, remove, and see an improvement in?

give ben website privileges

remove book swap

don't crash during meeting sign in

we should use affirmations more

update pics

More website announcements, more than just officer corps

Loading times on pages with lots of information are too long

no more mlk luncheon

Update/delete out of date website pages

update home page organization so the events aren't ridiculously longer than everything else

Get rid of double event sign ins when an event has a zoom sign in - do not have sign in add to zoom sign in

Fix the map (or just delete it)

optimize TBPlayground

put a character limit on the free response (it can be high but some of the meeting feedback...)

**Fix the back  
end of the  
website pls**

What website features do you want add, remove, and see an improvement in?

### Progress tracking

The layout of the track progress page is very cluttered. It might be helpful to have items for each section grouped together and hidden where they can be expanded on.

On the track progress page, it would be nice if you could click on the required items and be taken to the list of things you can sign up for which count.

### Other

I wish that member resumes weren't automatically made available to the public. That should have an option to be hidden by the person as resumes contain personal info.

Share access summary for website - for example, who has access to add events (officers, actives, electees, etc).

For the page with people, allow for searching like Mcommunity instead of the massive list, or have a clickable alphabet which expands to show people by name.

### Events

When events are updated on the website, the Google calendar invite doesn't automatically update with the new info.

Have a note associated with each event indicating if there is a limit to when you can un-sign up for the event.

Improve the process to add an event to the website, it's a bit outdated, especially when adding an image to the event.

What are team meetings? Nothing comes up on the event list.

You can filter through events in the Event List, but not under My Events.

Officer meetings don't show up in the event calendar.

### Credit

Add a way to retroactively give credit for completed items even if there was no sign up (for example, the interview).

Event description should include requirements for credit if there is no sign in link, for example, external events may require proof of attendance.

There is no way to tell if you're being given credit for attending officer meetings until the end of the semester.

As an electee, it's not always clear which events are mandatory to attend.

update about page carousel, collapse-able filter groups on events
