

Activities & Interchapter Outreach

1 sandwich, 1 side, 1 baklava, 1 bread

About

- Banquet
- Socials
- Interchapter events

Join Jamboard at tbpmig.org/ni3

- **Groups of 3; maximum of 4**
- Pick whichever topic is most relevant to your interests!
- Talk within your group until **6:55**
- Exchange ideas with another group **till 7:10**
- Reconvene for group discussion till the end

TBPharewell

Banquet: What particular content of the presentation did you like and not like? Is there anything from other banquets or elsewhere that you would like to see at TBP's?

Socials: What type of socials did you enjoy? Do you have any ideas for new socials?

Interchapter Outreach: Would you, or TBP as a whole, benefit from connecting with other chapters? How could we do this?

What is the weirdest thing your prof/teacher has said in class?

Name & Major & Answer

Adair, ChE, he didn't say anything but he froze a racquetball in dry ice and then threw it against the cinderblock wall

Alex Li, ME; Freshman yr of high school: teacher talks about literary analysis techniques and writes "lit. anal." on the board.

Kevin, MSE, AP Chem teacher wanted us to do things after the AP exam and encouraged us to make thermite if we would fund it

Alex - CS - One of my professor talks about how he raises and kills his own chickens

Socials

Interchapter Outreach

Socials with lots of people, both actives and electees, in attendance and engaged

Wish some socials would start later

Hike (like the grad hike)

Expanding network of friends

Interchapter game competitions

Cantina

Group visit to free UM sports games

Yes, but can be logistically tough to organize and also be a time consuming event given the travel involved

Online competitions (March Madness, etc.)

A variety of socials on a variety of days during the week

TBspeedFriending

D7 Conference and Convention are amazing (highly recommend)

Events with free food!

Cantina III

What is the weirdest thing your prof/teacher has said in class? Does Drew drink water?

Paco, DS, that I had a "nice baritone voice" in 8th grade

Tony, ChE. "I used to be an acid disco DJ" - Nathaniel Sczymciek

Namit, skill issues, prof meeting
Natalie Portman at a Harvard party

Gino, MechE, "when you see a hard problem, try to make friends with it" - Calc 3 prof

TBPhitnessgroup

Grace, DS, "my learned learned how to like me so you can learn to like calc 3 three too"

Color code your answers by topic!

Groups of 3 or 4

Banquet

Dunk the president

More TBParty (advertise more)

Bring a TB Pole for Ansh

Stats of stuff throughout semester (Drew's soda, # events, # hours)

Invite a celebrity --> live music

Shoshull
Hair bleaching party

TBPoledancing
TouchgrassBP Social

More parties
TBdateParty

Cedar Point/go places
TBeachP Trip

I want a Euchre Tournament... oh wait there is one! Sign up now!
Go to Traverse City and visit TBPaco's parents

TailgateBP
Mackinac Island

Interchapter
Do Pi(e) Day again
Do more events with SE Michigan chapters
TailgateBP with OSU/opponent chapters

What is the weirdest thing your prof/teacher has said in class?

Jacob - ChE - Talked about how she was teaching that class because the U wouldn't let her teach Freshman how to make beer

Niloy, Aero, My aero electronics/lab prof talking about taking LSD during lecture

Yunseok - Aero - instead of teaching aero structures, he went over how to brew beer

Banquet slides had a number of inside jokes, so sometimes difficult to relate to or understand

Without presenters knowing the content on the slides, the ppt dragged on

For inter-chapter events if they are far away, make very clear that transportation (carpools) will be provided

Cedar point event (not paid for, but just a group of people to hang out with)

oberon day event

bring back restaurant socials (with realistic budget)

TBPhishing (the sport)

more summer events

Hunger games sign up for the very popular/limited space events is probably the fairest

Color code your answers by topic!

Groups of 3 or 4

TBcamPing

IM Fall/Winter B Season Sports

Available Sports (self-officiated):

- Wallyball (4v4) at Intramural Sports Building (IMSB) Racquetball Courts
- Table Tennis (1v1) at Intramural Sports Building (IMSB) Game Lounge
- UNO (Individual) at Intramural Sports Building (IMSB) Game Lounge
- Cornhole (2v2) at the Intramural Sports Building (IMSB) Racquetball Courts
- Chess (1v1) online on [Chess.com](https://www.chess.com) (personal account required during registration)

What is the weirdest thing your prof/teacher has said in class?

Name & Major & Answer

Karen, BME, pharmsci 101 prof talking about weed as a stress reliever

Alyssa, Aero, when a door creaked: "sounds like my knees"

Natalie IOE prof went into long depth about her running habits

Banquet

more clarity on how long banquet takes

activity was good for bonding

Socials

food !

ice cream <3

friday night/weekend socials

tailgating socials in the fall

forced socializing

more inter-org socials

reserve mitchell field or other athletic spaces

Interchapter Outreach

more events

better communication - currently over discord which is not great

field day

What is the weirdest thing your prof/teacher has said in class?

Name & Major & Answer

Akshith, CS, "Where are you going!", proceeds to chase student in the hallway even though attendance is not required

Aditya, CS

Leah, ChE, does everyone rnr the band the Beatles?

Sabrina, ChE, have you every TPed a house?

Banquet: What particular content of the presentation did you like and not like? Is there anything from other banquets or elsewhere that you would like to see at TBP's? (pink)

Socials: What type of socials did you enjoy? Do you have any ideas for new socials? (blue)

Interchapter Outreach: Would you, or TBP as a whole, benefit from connecting with other chapters? How could we do this? (green)

We like social events that force engagement (game night-you have to be in a gorup)

We enjoyed skating at yost

interchapter sports meets

opportunity to network with a broader group

Axe throwing would be fun-cultivates competition and cheering culture

Events that force mingling between different groups would be good (IM sports, etc.)

opportunity to learn how other chapters go about business

could do interchapter service with more people to have a larger impact

Renting out a movie theater room for a viewing

like the design challenge for group bonding and creativity-short and sweet. gingerbread house was good, egg drop was not

What is the weirdest thing your prof/teacher has said in class?

Name & Major & Answer

Steven, Aerospace

Vance, MechE
-- chem210, [how to make meth]

Ryan, Civil

Banquet

Primary motivators for going to a banquet are food, socialization, semester closure, not really activities

Random kahoots

Team sports (Ultimate, soccer, etc.)--more informal than IM. Also advertise IM better

Social

Bowling

Open up +1's to more socials

Game nights on central

Favorites: BWW, bar crawl, ice cream

More cross-org events (especially bullpen orgs)

(no preference for grad only vs open events)

Interchapter

Asynchronous stuff for easier logistics (e.g., semester-long tournaments)

Enough new people still to meet at UM that we shouldn't take too many resources for interchapter socials. Focus on internal events first

TBPhieldday

What is the weirdest thing your prof/teacher has said in class?

Name & Major & Answer

Batu Engin, CS

Ibrahim, CS, "Do you know where your teammates live"?

Dora Kuflu, CE

Sammie, Robotics & EE

Color code your answers by topic!

Groups of 3 or 4

Banquet

Social

Interchapter

Don't schedule it on 420.

Make overall event shorter

Batu - I went to Cantina both times. I enjoy socials where there are a lot of people and food is included. Maybe a movie night could be a cool idea for a social.

More frequent events

More Electee Focused presentation

Earlier would be better, but time constraints

Dora, I have been to the boba social and Catina. Both were good, maybe choose similar but better places (club abv for cantina, literally any other boba place for quickly)

Maybe career or network oriented zoom meetings with other chapters so no need to travel.

What is the weirdest thing your prof/teacher has said in class?

Name & Major & Answer

Ishaan, EE, "Let's take a moment to appreciate Oxygen"

Zijie, ME

Andrew, CE, high school teacher told a story about purposefully opening a door to smash it into another teacher's face

Andrea, MechE,

Ansh, IOE, one EECS prof said "that's how they invented power steering so now even women can drive unfortunately"

Banquet

Please ensure enough appetizers for those who arrive <15 mins late

Keep the officer yell

No design challenge

Socials

Boba Socials are great!

Game Night

Maybe some more sports-related socials

More outdoor socials

Shorter social events are nice bc they can accomodate more people

Interchapter Outreach

If they are off-campus or out of ann arbor, less inclined to go frequently because of the time involved

What is the weirdest thing your prof/teacher has said in class?

Name & Major & Answer

Zachary, CSE, and "I have COVID" (done IN-PERSON IN FRONT OF CLASS)

mitra, cs, cracked a whip in front everyone

Banquet

Socials

Interchapter Outreach

Presentations should be less officer-coded and more about the individual electees and actives in the chapter

Potential Idea: Axe Throwing (if cheap)

Enjoy Cantina (lol), also really like ones like Cider Mills

we could potentially create chapter support resources

Make it r celebrati we have term/year major av

lea: rips or apter et cost, or erwards)

boba

no de challe or act

no narration of every photo on the slides

Color code your answers by topic!
