season is summer.
BBQs, ice creams,
watermelons +
pineapples**

**Swamenathan
Ramesh, 2nd year
MSE Aerospace
Engineering.
Favourite season is
summer because its
always summer
where I am from
(Chennai).**

**Yuhao Wang,
PhD in
Nuclear
Engineering**

**Umair Ahmed,
Undergrad sophomore
CSE. Favorite season
is probably fall.
Perfect hoodie
weather**

Topic 1: Tutoring Services

What methods of advertisement could we employ?

What changes could be made to make the service more accessible to students?

Electees + Actives: If you haven't tutored yet, why not?
What would incentivize you to volunteer as a tutor more?

It seems the service is accessible as it is. One actionable suggestion is to reach out to Professors handling courses with large student traffic at their office hours to redirect students to available TBP tutors.

Make the tutoring service accessible through respective course's Canvas page after concurring with the respective Professor.

Make use of department specific email lists provided that there are tutors available in said departments.

A couple of suggestions for incentives: Could offer a dining coupon; offer like 2 service hours for an hour of tutoring.

If feasible, send TBP members to large intro level engineering lectures in various disciplines to advertise tutoring services

Maybe try to get involved with engineering advisors so they can mention tutoring services to their students and add TBP tutoring to email chain

bring back group tutoring (may require more help for campus outreach officer)

"Office hours" tutoring so no prior signup is needed

Make it easier for people to find tutoring links even on our website

bribe tutors with food

Tutoring tab on the website is hard to find

Topic 1: Tutoring Services

What methods of advertisement could we employ?

maybe advertising
in CoE weekly
announcements
email or
departmental
announcement
emails

Things we've
done in the
past: bus ads,
diag ads,
dining hall
table cards

A lot of CoE
advertising gets
filtered out by
students so maybe
an email that
catches the eye?

Flyering, there
was a sign up
sheet up but it
hasnt been
updated since
2017

Put up
signs/people
in common
study
locations(ex.
Math Atrium)

Organize review
sessions before
exams of
elementary classes
and ask professors if
they could send out
an email / pin a post
on Piazza

So when we did
specific classes, we
would get some profs
to advertise to their
class. Not sure if that
would work well with
"any class" type
tutoring, but maybe
for the more common
classes? Yeah that -->

ask professors
to forward a
message from
us to their
students

What changes could be made to make the service more accessible to students?

less formal =
less
intimidating

Maybe have a more
organized place for
tutors and tutees
for TBP to meet?

maybe organize
small group
sessions (diff from
drop in) - it might be
less pressure than 1
on 1 and being able
to talk with others
can help with
learning

organize walk-ins by
topic/department

Electees + Actives: If you haven't tutored yet, why not? What would incentivize you to volunteer as a tutor more?

More notes on how
to get started-- I've
heard mentioned,
haven't taken time
to figure out how

Not really sure how
it works/logistics of
it, have not looked
into information
about it.

Not sure
how it
works.

logistics really -- lots
of required items
sent out so it's
taken time to get to
them one by one

Procedure for
actives to re-signup
is probably helpful if
a student doesn't
need tutoring
anymore or doesn't
respond.

Get more specific in
what help they need
from a tutoring
session rather than
just a course.

Topic 2: Chapter Engagement

What do you like about TBP?

**Like about TBP:
Opportunities for
service events,
specifically STEM
outreach events**

**TBP provides lots of
social activities.
Also, I like TBP
because it is
prestigious and I
can meet many
good friends.**

**Resume
workshops
and internship
opportunities**

What could we do to make your TBP experience even more fulfilling?

**Would like more
career-focused
events/company
events**

**TBP experience
could be more
fulfilling with a
greater diversity of
events.**

**More grad
focused
events**

**It would be
nice to have
weekly social
events (like
every
Thursday)**

Specifically,

Actives: why are you here (at NI 2)?

**Getting to
meet new
people
(outside of
your own
dept)**

**Here at NI2:
Opportunity
to contribute
opinions while
getting credit.**

**Service
events are
rewarding
and fun**

Electees: what do you expect of TBP? Why did you decide to elect?

**I expect connection
or interaction
among students in
different
departments.**

What is your name, year, and major?

What's your favorite season and why?

**Ansh -

Actives: why are you here (at NI 2)?

Electees: what do you expect of TBP? Why did you decide to elect?

As actives, we appreciate the work the chapter does and want to contribute as much as possible to bettering the chapter

We should have more incentive to take on leadership positions. becoming an officer/chair is definitely very fulfilling

Want to ensure the best possible future for the chapter
