

The Cornerstone

Volume 22, Issue 6

March 12th, 2019

MI-Gamma

Inside this Issue:

- Announcements 1
- Puzzles 1
- Definition of Exemplary Character 2

Upcoming Events:

- TBP Speaker Series (3/13) 12 – 1:30pm
- Drop-in Tutoring (3/13) 5:30 – 7pm
1008 EECS
- (3/17) 5:30 – 7pm
1003 EECS
- Bags of Cheer (3/13) 5 – 6pm
- Tau Beta Pi(e) Day (3/14) 11am-1pm
- Kiwanis Thrift Store (3/16) 9am – 1pm

Announcements

2019 SWE/TBP Career Fair

Apply to be a chair for the 2019 SWE/TBP Career Fair! The application can be found at tinyurl.com/CF19Chairs and closes on March 21st!

TBP Photo Contest

Tau Beta Pi is having a photo contest, and you're invited to participate! Next time you're at a TBP event, take some pictures and pass them along to tbp.publicity@umich.edu. We'll be selecting winners for the best pictures in 3 categories: service events, social events, and professional development events. Each of the three winners will get a \$10 gift card to a popular Ann Arbor restaurant like Jerusalem Garden, NYPD, or Chela's.

Kakuro puzzles are similar with crosswords, but instead of letters the board is filled with digits (from 1 to 9).

The board's squares need to be filled in with these digits in order to sum up to the specified numbers.

You are not allowed to use the same digit more than once to obtain a given sum.

Definition of Exemplary Character

In order that there may be a more uniform basis for selection of members for Tau Beta Pi, these suggestions are offered. It is expected that a copy of this statement be given to each active member before every election, and it may at times serve as a general expression of our policy in the selection of members.

It is the purpose of the Society to mark in a fitting manner those who have conferred honor upon their alma mater by distinguished scholarship and exemplary character as students, or by their attainments as alumni.

Distinguished scholarship, while the primary requisite for admission, must not be considered the sole criterion.

After the scholastic requirements have been fulfilled, the selection shall be based on integrity, breadth of interest both inside and outside of engineering, adaptability, and unselfish activity.

We consider that true integrity is the sine qua non for membership in Tau Beta Pi, that it transcends in importance scholarship, activity, and every other qualification. Without private and public integrity, we believe that no organization is worthy of existence. Under integrity, we include honor and high standards of truth and justice.

Breadth of interest sufficient for eligibility in this Association will enable people to maintain their positions in their community by the exercise of qualities other than engineering ability.

True engineers must be able to adapt themselves ingeniously to all circumstances and conditions, making them conform to the desired purpose.

The rating of people on the degree of unselfish activity manifested, is intended to indicate that Tau Beta Pi believes that none can become worthy engineers without the welfare of associates, organizations, and the community at heart. It is furthermore expected that they display willingness to aid and assist in worthy causes by their actual campus record. However, the fact that people may not have shown unselfish activity to an appreciable degree throughout their courses of study is no infallible indication that they would not if the opportunity offered. The most conspicuous illustrations of this are those students who are self-supporting, for which due allowance must be made and due credit given. In fine, it is in this capacity for the unstinted giving of their best, without thought of remuneration, that we believe lies one of the most sensitive tests for determining candidates' rights to bear the name and wear the Bent of Tau Beta Pi.
