**W**elcome Back Tau Bates!

It is a fresh, new year full of new classes and immeasurable opportunity. With Bookswap and Career Fair under our belt, here at TBP, it has also been quite busy. Hopefully, the Career Fair went well and served to help you find that lucrative internship, Co-Op, or job in the real world after you graduate.

So what is the Cornerstone, you might ask (if you are electing this semester)? This is the Cornerstone. It is a collection of articles, information, comics, and more! The Cornerstone is a fun way for members, new and old, to express themselves. Anyone can write! Everyone can read! But, I need your help to keep the issues interesting. I will take anything you are willing to share. The articles/comics/puzzles/etc. can be goofy, creative, or even just an upcoming event with another society you are involved with and you want to share. It really is more fun when everyone is able to share their ideas and creativity. That's what makes TBP so unique.

I hope everyone has been enjoying their semester so far and are all ready to be involved in all of the service events TBP has to offer. For those of you who are project leaders or interested in being project leaders, make sure you get your project underway as soon as possible.

Sincerely,  
Your Historian,  
Gina Calco

Rebirth is committed to upholding the tradition of brass bands while at the same time incorporating modern music into their show. Their signature brand of heavy funk has not only won over several generations of music lovers, it has become the soundtrack to an entire city. In the wake of the sometimes stringent competition among brass bands, Rebirth is the undisputed leader of the pack, and they show no signs of slowing down. Rebirth is featured in the Treme Tour, the HBO series about New Orleans after Katrina. Rebirth won the Grammy for their 2011 Basin Street release “The Rebirth of New Orleans in the regional roots category.”

## Free Money!

*Elsou Liu*

There are many scholarships and fellowships for both undergraduate and graduate study for which I feel that Michigan Gamma Tau Bates would make extremely strong candidates. If Tau Bates were applying for these awards, I feel that Michigan Gamma would have at least one recipient of each of these awards every year, which leads me to believe that many Tau Bates are not aware of these awards. Thus I have decided to compile a list of scholarships and fellowships and share them with you all. This list is not comprehensive by any means—for example, I have omitted scholarships and fellowships intended for study abroad, which I hope to cover those in a future newsletter article—but it should give you a sense of the number and scope of scholarships and fellowships that are available.

*Disclaimer:* Some of the information regarding these awards is based on my recollections from the time that I applied or was eligible for them. Thus, you may want to verify this information on the scholarship web site, or through the financial aid office or scholarship office.
