## Letter From the Editor

Hello TBPeople!

Ah yes, fall is beginning. Normal people will have thoughts of cider mills, pumpkin patches, and corn mazes fill their heads. As Michigan students, we get the luxury of thinking about exams (and maybe studying for them). If you're anything like me, you are counting down the days until fall break.

As things start to pick up, I want to encourage everyone to keep signing up for events. Participating in both service and social events can be a great way to take your mind away from all the stress (or at least get you fed). A lot of great events are coming up. One of my favorite events, MindSET starts this upcoming weekend, breakfast parties are in full swing (who doesn't want a free bagel in the morning?), and a number of social and service events are happening every week.

There are a lot of opportunities to get involved and complete your hours. My advice is to "get 'em early." It's far easier to spread out your hours throughout the semester than to rush to complete them all at the last minute. Face it, you're going to be busy the rest of the semester, so you might as well sign up and participate *now*.

I want to wish you all luck with your first exams or project deadlines, and- as always- if you have any questions about hours or anything TBP related, please do not hesitate to reach out to me or any of the other officers!

Sincerely,  
Patrick McCauley

## Undergraduate Electees of the Week:

*Michael Fisher*

**Major:** Mechanical Engineering

**Favorite Entertainment:** My favorite form of entertainment is online shopping for clothing. I follow designer fashion and it's quite fun to just see all the different styles coming out each season.

**Why he's awesome:** "He came through at tech day and career fair to make sure everything went well."

*Michael Brown*

**Major:** Industrial Operations Engineering

**Favorite Kind of Bagel:** Everything

**TBP Acronym:** Terrific Baseball Player

**Why he's awesome:** Michael put in a lot of work at career fair and attended IM volleyball. Awesome!

## Graduate Electees of the Week:

*Gustavo Halila*

**Major:** Aerospace Engineering

**Favorite Entertainment:** He enjoys playing volleyball at the NCRB.

**Why he's awesome:** Gustavo has already completed over half of his required service hours. Awesome work!

*Aditya Singh*

**Major:** Automotive Engineering

**Favorite Bagel:** Blueberry

**Favorite Entertainment:** He really enjoys listening to music.

**Why he's awesome:** Aditya has already completed over half of his required service hours. Not too shabby I'd say!

## MI-G Officer Insight

### What is something you wish somebody had told you when you were electing?

Do service hours early. They're easy, and K-12 events are fun!

**-Ilkka Kovanen**

Go to all the socials because they're super fun! I wish I went to more than I did last semester. Plus I'm planning this semester so they're going to be amazing.

**-Brianna Lax**

"Don't stress out about the hours, we all want you to join and we really do want to help you plan out completing the requirements." "The officers actually do want to meet electees, we're not just saying that. Come to office hours and do homework and socialize with us!"

**-Joanna Ciatti**

Go to lots of socials! They are lots of fun with lots of friends and food!

**-Alexa Cichon**

Meet officers other than just the Vice President.

**-Chandruganesh rasendra**

### What is your favorite service event and why?

Cub Scouts Day – fun design challenges and the kids are usually pretty good at listening (being cub scouts for the most part and all).

**-Ilkka Kovanen**

I love passing our bagels in the dude connector. It's honestly the most fun thing ever. You make everyone's day so much better. Also pi day when we passed out pie, that was also awesome.

**-Brianna Lax**

Cub Scouts Day, I'm only slightly biased

**-Service Czar David Martel**

Leslie Science Center because you get to see all the cool animals they have!

**-Alexa Cichon**

MindSET! I think it's awesome that I might be inspiring a grade school student to consider being an engineer or more generally that math & science are fun!

**-Rachel Neumann**

## MI-G Officer Insight

### Why is Kyle Lady's hair red?

I believe this to be an eternal question that even Plato or Socrates could not answer.

**-Ilkka Kovanen**

Because he's very special.

**-Brianna Lax**

Jesus wasn't fond of Romans and their red uniforms

**-Service Czar David Martel**

He's on fire.

**-Joanna Ciatti**

He eats lots of carrots.

**-Alexa Cichon**

He's a dinosaur

**-Andrew Rapin**

### What is the weirdest thing that has ever happened to you at a service event?

Drunk people tried to sell me drugs and get my number while I was selling cookies outside of Rick's for an MRelay fundraiser.

**-Brianna Lax**

At Tech Day, I ran into my deceased Uncle's widow. Only, he died before I was born, and she literally has never met me in my ~26 years of life. I wasn't wearing a name tag, and she recognized me solely on the basis of "you look like a Martel". This was possibly the weirdest thing that has ever happened in my life, let alone a service event.

**-David Martel**

### Other Advice?\*

\*So this question was accidentally phrased to the officers as "Other Advise." So most of the officers pointed out this error instead of actually giving advice. However, those that did answer the intended question said (1) it's never too early to sign up for a credit card and (2) take advantage of all TBP has to offer.
