Fall 2026 Officers

Meet the officers serving the chapter this semester.

Letter from the Historian

Hello TBP Alumni,

My name is Chayut (Peak) Shinawatra, and I am your Historian for the Fall 2026 semester. Some of you may already know me from my time as Historian during Winter 2026, and I am thankful for the chapter's trust in reelecting me for another term.

This semester, the Alumni Newsletter will transition to a monthly publication to keep you up to date with the goings-on of the chapter. As September has come to a close, I am honored to share the highlights of this busy month.

We have seen a busy start to the academic year as we welcome 78 new electees, including 62 undergraduate and 16 graduate students. Throughout September, we held many social events, including an interchapter tailgate to celebrate the start of the

fall football season, a cider mill trip, and much more.

Beyond socials, service has also seen a busy month, highlighted by the annual Fall Engineering Career Fair. With more than 200 companies participating across two days, the career fair remained one of our most successful signature events. Merit Badge Days, Adopt-a-Park, and NROTC tutoring were among the many service events our members participated in during September.

With such a promising start to the academic year, I look forward to continuing to share our chapter's story with you in the semester ahead.

Forever and always, Go Blue!

Chayut Shinawatra
Historian, TBP MI-T

Letter from the *Executive Vice Presidents*

This fall, Tau Beta Pi co-hosted the annual Fall Engineering Career Fair alongside the Society of Women Engineers (SWE), bringing 232 companies to campus over two days. Centered around the theme “Grow Your Future”, featuring a custom logo created by our Graphic Design Chair, the fair was powered by our 4 student directors, 13 TBP chairs, 14 SWE chairs, and 112 student

volunteers.

To help students navigate the high-stakes environment, our dedicated Student Support Committee expanded across two locations, the Grove and the Duderstadt Center portico, assisting over 3,000 students with maps, advice, snacks, and giveaways. Additionally, we launched standalone evening receptions for the first time, hosting 22

companies and nearly 500 students for casual, low-stakes networking.

We are proud of our

team's resilience and grateful to our alumni whose ongoing support makes events like this possible.

Anushka Acharya
External VP, TBP MI-T
