Welcome to Tau Beta Pi ☺

Hello potential electees!!!

Welcome to Tau Beta Pi's first general meeting. This is our club's publication that lays out important information and provides a few laughs. If you are here right now, it is because you have worked hard to be at the top of your class.

There are many reasons to join TBP, but two major reasons I joined are the networking and volunteer opportunities available to TBP members. Several companies specifically ask for the TBP résumé book because our members have a reputation for being hard working, ethical engineers.

As you're waiting for the meeting to begin, I encourage you to mingle with your fellow potential electees and talk with offices. We are very excited for you to begin the electing process.

Sincerely,
Mitch Coon
