Hello electees!

Welcome to the first general for Tau Beta Pi. This is The Cornerstone, the monthly publication for our organization. In this publication the key aspects of the meeting agenda and important news will be published for your convenience.

All of us at Tau Beta Pi hope you are excited to begin your election journey with us. Tau Beta Pi is a great way to meet engineers from other disciplines, develop professional skills, give back to the community, and have some fun and good food. We all hope that you'll decide to elect and look forward to meeting you!

Regards,
Jonathan J. Altes, Editor of The Cornerstone
