Letter From The Editor

Welcome to Tau Beta Pi!

After the regrettably short winter break, we are all back on campus and ready to tackle another term. In today's meeting, you will hopefully get a taste of what TBP is about. Last semester, I was in your place, and before I knew it I was inducted and elected historian, the person who makes this chapter's newsletter, dubbed the Cornerstone, as well as the alumni newsletter. And as historian, I want to reassure you that there are many great reasons to join America's second oldest honor society.

First, it is the only engineering honor society representing the entire engineering profession and one of only two that are officially recognized on your transcript by the University of Michigan. But I find that the most important reason to join is fellowship with peers of distinguished scholarship and exemplary character.

And don't forget Game Night!

Warmest regards and GO BLUE!

Keenan Harvis

TBP (Trivia, Brain Games, & Phun)

Each publication, this section will be filled with distracting games, riddles, and phun-phacts on the lighter side.

- For instance, did you know that Astronaut Buzz Aldren was a member of TBP?
- This year is special for our chapter as we are hosting the District Conference
