Letter From the Historian

Welcome back Tau Beta Pi actives! I hope you are all excited for a new semester full of exciting opportunities and events as we get back into the swing of things. My name is Daniel and I will be your Historian this semester! This means that I will be writing the Cornerstone, which will be available at each meeting and on our website. I hope to make these both informative and *fun*!

If you would like to contribute a topic to the Cornerstone, email me at tbp.historian@umich.edu or fill out the form at tbpmi.ga/cstone-contrib.

Go **Blue**!

One Minute Reads

This is a section of the Cornerstone started by Arjun Sundararajan, our previous Historian, where TBP members get a change to share about any topic they're interested in. If you would like to contribute a topic, email me at tbp.historian@umich.edu or fill out the form at tbpmi.ga/cstone-contrib.

Today's topic is the new location of the Bent (the symbol of TBP) on North Campus. Due to the construction of the new Leinweber Building, the Bent formerly in front of the BBB has been relocated between Pierpont Commons and the Lurie Bell Tower!
